International Dance Committee 1987

As the Dance Committee of the International Theatre Institute enters its 15th year, we look forward to continuing our international work.

We reaffirm our guiding principle to provide an international framework for dialogue and co-operation for the world dance community. We look forward to expanding our activities to include yet wider geographical regions. When peoples communicate through the international language of dance they become practical idealists. Fear and suspicion are overcome. Contact is real.

Let us all – world wide – dance together on International Dance Day.
