Dai Ailian 1994

Dance is an important activity in the life of the people all over the world. Through the different languages of dance and nations, it brings people together from the beginning of mankind. China has a dance history of 5000 years, and we are doing our best to preserve this wonderful tradition.

We in China have learnt a lot from other peoples' dance cultures, and developed great admiration for them. And through understanding we have greater respect and love for them. Long live the dance!
