Dancers are, as are all artists, made to feel and to make others feel. We are suddenly plunged into the all-consuming fires of feeling since the cataclysmic happenings of September 11, 2001.

Dancers are given the great gift of motion and design. They live holistically, body, mind and spirit-molded into single and continuous acts.

Do not stop dancing. Whatever happens and God willing, we have seen the worst, I say to you, "NEVER STOP DANCING!"
